

UGANDA CZECH DEVELOPMENT TRUST,

P.O. BOX 72629

KAMPALA - UGANDA

EAST - AFRICA

Dear friend,

Thank God for this big opportunity to have a word of hello to you through letter writing. On my side I am very okay and health. Let me hope that you're also fine. If not the case I presume that you will be okay in the name of our almighty. My dear how is your family plus the country at large.

My friend, due to your support towards my studies I was able to pass my senior four exams with a second grade with aggregates but I mostly passed Art subjects than Science subjects. So I joined advanced level with Art subjects with aim of dealing in Law or mass media. Dear I am now on Victoria View offering History, Geography, Economics plus the compulsory general paper and submath. I hope and promise to concentrate and revise my books seriously so that I can also pass them with flying colours.

How did you spend your Easter? This way on my side and my family members we found it very good and enjoy full. My village mates celebrated the Easter transnight because of the enough security in our country particularly my village. We enjoyed food stuffs like rice, matooke, cassava plus fish and vegetables. My friend due to God's will I wish you enjoyed it in peace full way.

What is the season now in your country? In Uganda we are in rain season which is wet season. It is time for planting and weeding of grown crops. Me and family members we cultivated a piece of land which we are now planting.

I wish you good in each and every thing

you do. Nice story

With God's mercy,

Marita Asinde,

your lovely friend.
